

## HAPPY TAILS!!

### Meet "Nika"

"I just wanted to show you how beautiful our Nika is turning out! 6 1/2 months and 77 pounds already! She comes to work with me and loves to go camping with our other pup Molly. So happy with her, she is a smart girl too. Has us wrapped around her paw already. ♥ Thank you for all you do!"

### *Update on how their journey began!*

Our story starts with the search for another shelter pup after the tragic loss of one of our beloved dogs. I had to have another big dog which sent me looking on line where I found petfinder.com. After weeks of looking I found a cute little Saint Bernard mix puppy named Danika (we shortened it to Nika) at Sierra's Haven.

I called and spoke with one of your wonderful people and found she was set to be shipped out to an unknown shelter very soon. I talked with my husband and we decided to make the 1420 mile round trip journey to adopt our little Nika. Sierras held her for our arrival!

What a trip, long but so worth it, she is everything we could hope for. A big, wonderful, happy girl that is already so much a part of our family. She gets along great with her sister Jamie, pup Molly, and her two feline brothers Simon and Smoky.
